## ABOUT US

Founded in 2002, Visimex has proudly evolved into a pioneering force in sustainable agricultural development in Vietnam over the past two decades. Since 2015, we have spearheaded the Vietnamese organic industry, dedicating over 10,000 hectares of land across Vietnam to organic cultivation.

Central to our success are the partnerships we've developed with local farmers. Collaboratively, we've applied organic farming methods that eliminate harmful pesticides and chemicals, ensuring the production of high-quality organic goods. We are dedicated to providing fair prices for these premium organic products.

## COMMITMENT TO CUSTOMERS

### Quality Assurance

We are committed to delivering products of the highest quality.

### Customer Satisfaction

We are dedicated to addressing your needs and concerns promptly and effectively.

### Timely Delivery

We ensure on-time delivery, so you can plan your operations with confidence.

Visimex selected products from Vietnam's finest sources and processes them in our international standard factories. We prioritize quality by carefully selecting the best materials and implementing stringent quality control measures during processing. Our commitment to excellence ensures that our raw material products meet the highest industry standards. With Visimex, you can trust in the quality and purity of our products, harvested from the best sources in Vietnam and processed with precision in our world-class facilities.
